RESEARCH AREAS

Please indicate up to five areas of research interest in each category.

HEALTH ENDPOINTS:

- | | | |
|--|---|--|
| <input type="checkbox"/> Cancer | <input type="checkbox"/> Medically unexplained symptoms | <input type="checkbox"/> Children's environmental health |
| <input type="checkbox"/> Cardiovascular | <input type="checkbox"/> Neurologic | <input type="checkbox"/> Respiratory |
| <input type="checkbox"/> Infectious diseases | <input type="checkbox"/> Reproductive health | <input type="checkbox"/> Other disease (<i>specify</i>): _____ |

EXPOSURES:

- | | | |
|--|--|--|
| <input type="checkbox"/> Air quality | <input type="checkbox"/> Noise | <input type="checkbox"/> Water quality |
| <input type="checkbox"/> Biological exposures, including allergens, mold, naturally occurring toxins | <input type="checkbox"/> Non-ionizing radiation (<i>e.g., electro magnetic fields, cell phones, microwaves, radar</i>) | <input type="checkbox"/> Pesticides, endocrine disruptors and Persistent Organic Pollutants (POPs) |
| <input type="checkbox"/> Hazardous wastes | <input type="checkbox"/> Occupation | <input type="checkbox"/> Climate change and other global environmental changes |
| <input type="checkbox"/> Heavy metals | <input type="checkbox"/> Food and nutrition, (<i>including food production and processing; food systems</i>) | <input type="checkbox"/> Built environment (<i>including physical layout/walkability and physical activity; green space; noise levels; urban transport; social factors, including stressors</i>) |
| <input type="checkbox"/> Ionizing radiation | <input type="checkbox"/> Pharmaceuticals | <input type="checkbox"/> Tobacco smoke |
| <input type="checkbox"/> Multi-pollutant/multi-media exposures | <input type="checkbox"/> Solvents | <input type="checkbox"/> Other exposure (<i>specify</i>): _____ |

METHODS AND OTHER:

- | | | |
|---|---|--|
| <input type="checkbox"/> Molecular epidemiology and gene-environment interactions | <input type="checkbox"/> Ethics | <input type="checkbox"/> Spatial statistics and Geographic Information Systems |
| <input type="checkbox"/> Complex systems analysis | <input type="checkbox"/> Field or community-based studies | <input type="checkbox"/> Statistical analysis |
| <input type="checkbox"/> Communication | <input type="checkbox"/> Methodology/Study design | <input type="checkbox"/> Susceptible subpopulations |
| <input type="checkbox"/> International collaboration in research | <input type="checkbox"/> Modeling | <input type="checkbox"/> Toxicology |
| <input type="checkbox"/> Environmental inequity and/or health disparities | <input type="checkbox"/> Policy & planning | <input type="checkbox"/> Other (<i>specify</i>): _____ |
| <input type="checkbox"/> Exposure assessment | <input type="checkbox"/> Risk assessment | |
