

## Early Career Research Fellowship

### Environmental Epidemiology, Exposure Sciences, Small Area Health Statistics, Spatial Epidemiology, and GIS

Salary Range: £33,860 to £42,830 per annum

The [MRC-PHE Centre for Environment and Health](#) is an internationally recognised centre of excellence for leading pioneering and multidisciplinary research.

The Early Career Research Fellowship programme is a new initiative designed to attract into the Centre exceptional candidates in the early stages of their careers. This post is full time for a fixed term of up to **36 months**.

The programme will provide a unique opportunity for early-career scientists working in the broad area of environment and health to develop their own competitive, independent research programmes in a supportive, multi-disciplinary environment. The fellowship programme is designed as a platform to apply for subsequent intermediate fellowships and similar career progressing schemes.

We intend to recruit, train and develop the next generation of future research and policy leaders from the areas of Environmental Epidemiology, Respiratory Epidemiology, Exposure Sciences, Small Area Health Statistics, Spatial Epidemiology, and GIS

There are no teaching and administrative obligations, and the appointee will be provided with reasonable funds to cover research costs.

As part of the application process, applicants must submit a proposal for their own independent research project. Proposals will be judged on the basis of scientific merit, track record of the applicant and potential for development of an independent research programme in the broad area of environment and health.

Applicants should hold a PhD or equivalent in one of the key or related areas listed above, and should be in the early stages of their research career.

The fellowship programme will be based either at Imperial College London and/or King's College London. For further information please contact Dr Elizabeth Hayes ([e.hayes@imperial.ac.uk](mailto:e.hayes@imperial.ac.uk)).

Our preferred method of application is online via our website at <http://www3.imperial.ac.uk/employment> (please select "Job Search" then enter the job title or vacancy reference number into "Keywords"). Please complete and upload the application forms as directed **quoting reference number SM010-16AL**.

Please complete the following forms (available [here](#)) and upload to our website:

1. Research Application Form
2. CV Template Form
3. Project Proposal Form

Alternatively, if you are unable to apply online, please email [adrian.lacey@imperial.ac.uk](mailto:adrian.lacey@imperial.ac.uk) to request an application form.

**Closing Date: 26 June 2016 (Midnight GMT)**

**Interview Date: week commencing 18 July 2016**
